

Pallet Destruction with Sebright Products 7460-2-6 Compactor

At 1,800 psi Sebright Products 7460-2-6 Compactor packed 320 standard size pallets into a triple taper 40 yard container, totaling to 4.97 tons. During compactor/ container separation, Sebright Products patent pending Spring Loaded Retainer System minimized spillage to less than 2lbs of debris and ZERO spillage during haulers loading process.
