

PORTABLE COMPACTORS

PROPANE & NATURAL GAS POWER UNITS

A mobile and reliable waste management solution designed for on-the-go needs. Ideal for disaster relief, festivals, and off-grid locations, our Portable Compactors provides efficient and flexible waste handling wherever it's required.

Capable of retrofitting nearly any make or model compactor with a propane or natural gas power unit for enhanced versatility.

Mobility - Easy to transport and set up, making them perfect for temporary or remote locations.

Versatility - Suitable for various types of waste, including general refuse, recyclables, and industrial materials.

Durability - Built to withstand demanding environments.

Sustainability - Helps minimize waste volumes, reducing transportation costs and environmental impacts.

While Sebright Products, Inc., strives to make the information provided on processing of your waste or recycling stream, as timely and accurate as possible, the company makes no claims, promises or guarantees about the accuracy, completeness, or adequacy of any of the provided information, and expressly disclaims liability of errors and omissions in the content of the information, or analysis provided to your company. It is solely the responsibility of each recipient of the information Sebright Products, Inc., has provided to satisfy itself as to the accuracy of the information provided by Sebright Products, Inc., and as to the efficacy of the product(s) for the use(s) intended.
